

FOR YOU GOA

We have taken an initiative to spread information about different facilities provided by government and social workers for the people who are affected by Covid-19 in Goa.

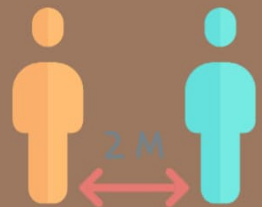

COVID-19

According to the WHO, COVID-19 is the disease caused by a new coronavirus called SARS-CoV-2.

HOW IS IT TRANSMITTED?

Based on current evidence, the WHO suggests that the virus mainly spreads through respiratory droplets among people who are in close contact with each other.

The incubation period is estimated between 2-14 days.

HOW DO I PREVENT THE SPREAD?

Wash your hands
Wear a mask
Stay socially distant
Stay at home

WHAT ARE THE SYMPTOMS?

Coughing
Fever
Breathing difficulties
Tiredness
Muscle Pain

Need/Lend or Donate Used Oximeters in Goa

There was a shortage of pulse oximeters in Goa.

Home Isolation Kits had temporarily stopped giving them. In this difficult time, the oximeter of patients who have recovered can be transferred to home isolation patients. Please fill this form if u Need an Oximeter or can Donate

one at <http://bit.ly/oxymetersgoa>

Donors, please also ensure that the oximeter is in working condition as it will be used by a distressed patient under home isolation. You can ask for the oximeter back after patients recovery.
